

Pumpkins

by Deborah V. Gardner
Revised September 2019

Notes:

- This pattern can be knit with any size yarn. Use needles appropriately sized to the yarn, making sure the fabric is tight enough that the stuffing will not show through.
- Samples were made using Big Twist 100% Acrylic #05024 Pumpkin and Cascade 220 100% Highland Peruvian Wool. The small pumpkin was knitted using 1 strand of yarn and US 5 (3.75 mm) needles; the large pumpkin, 2 strands and 10.5 (6.5 mm) needles.
- Directions for a provisional cast on are given on the last page.
- Directions for larger size (when different) are in parentheses.

Rnd Round
 Linc Left lifted increase: Insert the left needle in the left side of the stitch 2 rows below the stitch on the right-hand needle. Lift it and place on left-hand needle. Knit in the back leg of the stitch.

Using scrap yarn, CO 24 with provisional cast on. Divide between 4 dpns. With MC, knit 2 rnds.

Rnd 13: *SSK, k1, p1, k1, k2tog, p1* around (24 sts).

Rnd 14: *SSK, p1, k2tog, p1* around. (16 sts)

Cut yarn, leaving a long tail. Put yarn on needle and slip through live stitches twice, pulling stitches together to close hole. Cut yarn; weave in ends.

Stem: With CC1, pick up and knit 6 (8) sts around the center. Knit for about 1". If desired, add a little bit of stuffing. K2 tog 3 (4)times; cut yarn leaving a 8" length and slip through live stitches, pulling stitches tight. Weave in end.

Stuff pumpkin from the bottom. Remove waste yarn, placing live stitches on needle. If using a bulky yarn or two strands, you may wish to k2tog around, resulting in 12 sts. Cut yarn leaving a 12" length and slip through live stitches, pulling stitches tight. Weave in end.

Provisional Cast On

- Using a smooth yarn in a contrasting color, make a slip knot and place it on a crochet hook the same size as the needles. (Figure 1)
- With yarn in back of the knitting needle, bring the hook over the top of the needle (Figure 2), catch the yarn and pull it through the loop on the hook. (Figure 3) Repeat this step until the number of stitches desired has been cast on.
- Chain a few stitches. Cut the yarn and pull through the last chained stitch. When you are ready to unravel the waste yarn, this will be the end that you gently pull to remove the waste yarn.
- Figure 4 shows the completed cast on.
